FOR ASSEMBLY**

2/3

SURFACE MOUNT BENCH INSTRUCTIONS BM1145 - BM1155

STEP 1

- Set the two steel bench ends 45 inches apart (68.5 inches for 8ft bench)
- Lay 2 tube supports (B) over the steel bench ends (A)
- Lay the board (C) over the tube supports (B) and the steel bench ends (A)
- Insert four 3-1/2" x 5/16" carriage bolts (C) into the holes in the boards (B), tube supports and steel bench ends
- Hand tighten with two 5/16" flange nuts (D)

STEP 2

- Square all parts and tighten all hardware
- Install on a flat level surface with appropriate hardware
